OSTEOPATHIC OATH

I do hereby affirm my loyalty to the profession I am about to enter.

I will be mindful always of my great responsibility to preserve the health and the life of my patients, to retain their confidence and respect both as a physician and a friend who will guard their secrets with scrupulous honor and fidelity, to perform faithfully my professional duties, to employ only those methods of treatment consistent with good judgement and with my skill and ability, keeping in mind always nature's laws and the body's inherent capacity for recovery.

I will be ever vigilant in aiding in the general welfare of the community, sustaining its laws and institutions, not engaging in those practices which will in any way bring shame or discredit upon myself or my profession. I will give no drugs for deadly purposes to any person, though it be asked of me.

I will endeavor to work in accord with my colleagues in a spirit of progressive cooperation, and never by word or by act cast imputations upon them of their rightful practices.

I will look with respect and esteem upon all those who have taught me my art. To my college I will be loyal and strive always for its best interests and for the interests of the students who will come after me. I will be ever alert to further application of basic biologic truths to the healing arts and to develop the principles of osteopathy which were first enunciated by Andrew Taylor Still.

HIPPOCRATIC OATH

I swear by Apollo Physician and Asclepios and Hygeia and Panacea and all the gods and goddesses, making them my witnesses, that I will fulfill according to my ability and judgement this oath and covenant:

To hold him who has taught me this art as equal to my parents and to live my life in partnership with him, and if he is in need of money to give him a share of mine, and to regard his offspring as equal to my brothers in male lineage and to teach them this art-if they desire to learn it-without fee and covenant; to give a share of precepts and oral instruction and all the other learning to my sons and to the sons of him who has instructed me and to pupils who have signed the covenant and have taken an oath according to the medical law, but to no one else.

I will apply dietetic measures for the benefit of the sick according to my ability and judgement; I will keep them from harm and injustice.

I will neither give a deadly drug to anybody if asked for it, nor will I make a suggestion to this effect. Similarly, I will not give to a woman an abortive remedy. In purity and holiness I will guard my life and my art.

I will not use the knife, not even on sufferers of the stone, but will withdraw in favor of such men as are engaged in this work.

Whatever houses I may visit, I will come for the benefit of the sick, remaining free of all intentional injustice, of all mischief, and in particular of sexual relations with both female and male persons, be they free or slaves.

What I may see or hear in the course of treatment or even outside the treatment in regard to the life of men, which on no account one must spread abroad, I will keep to myself, holding such things shameful to be spoken about.

If I fulfull this oath and do not violate it, may it be granted to me to enjoy life and art, being honored with fame among all men for all time to come; if I transgress it and swear falsely, may the opposite of all this be my lot.

FACULTY

Jon Peter Tilley, D.O.
President

Greetings to the Class of 1986. During your four years at PCOM, I have come to know you, initially as students of Radiology and later as the most important product of our college - its graduates.

Each of the Faculty and Administration in his or her own way makes a primary commitment to our students. We are repaid for this commitment by your efforts, achievements, and general good spirits. This is your college and we all wish you well. We hope that you will continue to support PCOM through membership in the Alumni Association and its activities.

Enjoy your professional careers.

Remember where it began.

J. Peter Tilley, D.O.
President

Dear Class of 1986:

It is difficult for me to believe that four years have passed since I first welcomed you to PCOM.

If you can remember that first day of orientation, my greetings were tempered with some rather disquieting predictions.

Unhappily, I warned that the road leading to your "pot of gold" was paved with hard work, sleepless nights, fits of anxiety and depression, and the need for more resolve and dedication than you ever dreamed.

However, I promised that your "traveler's aides" along that road would be the unfailing cooperation of our staff, the dedication of our faculty, the concern of our administration, the involvement of our alumni, and the ever-watchful eye of the Board of Trustees.

Well, we have made it! Together we have created the osteopathic physicians of tomorrow.

Your back-breaking, head-splitting travail has paid off, and you are graduating.

We are so very proud of you: proud of your achievements and our ability to produce such a distinguished class.

Congratulations to you!

Congratulations to PCOM!

And may the bonds of our partnership be ever strengthened and reaffimed.

Sincerely yours,

J. Sydney Hoffman

THE BAD CLASS BLUES

My mom was so proud when I got into school,
She thought I was special, she thought I was cool.
But now she's ashamed 'cause our class is well-known-
We're the F-Troop of PCOM, we're bad to the bone.

We show up in lab with no ties on our necks.
We won't wear a suit when we go to dissect.
We just don't believe in professional dress.
We wear skirts made out of jeans and our hair is a mess.
We're bad for P.R., we're the worst Carol's known.
We won't dress like doctors-we're bad to the bone.

If you want to find us, just don't look in class,
We never show up there, it's a pain in the coccyx.
We pass on Path, we abstain from OB,
We slip out of Psych, we excise ENT,
We fade out on Pharm and slight Surgery,
We junk Geriatrics, we avoid OP & P.
Just transcribe the tapes and send them on home,
We'll get it from notes 'cause we're bad to the bone.

If you bore us in class, we'll get up and walk,
If we can't understand you, we'll turn around and talk.
Don't show up to lecture and watch us turn mean.
Tell off-color jokes and we'll run to the Dean.
We hand in exams that we don't do alone,
It's cooperation, not bad to the bone!

We rip off a lobby, and get bounced from the bar,
We save lives on the street, then flunk CPR.
But we'll show up in clinics and prove what we know.
You'll remember us fondly when our names say "D.O."
But for future fundraisers don't bother to phone,
What good will it do—we're still bad to the bone!!

SENIORS

CHAIRMAN'S FAREWELL

I'll start by saying "thank you" for allowing me to be the Chairman of the Class of 1986. The position allowed me the opportunity and pleasure to know many more of our future physicians than would have been possible otherwise. My goal was to be available if needed, offend as few people as possible and to treat others as I would have liked to have been treated. We certainly have a diverse group of men and women and when the curtain closed on our act, I think we meshed together in our own unique style

Many have had various joys and disappointments in the last four years and each should realize that Philadelphia College of Osteopathic Medicine allowed us the opportunity to pursue a medical carreer. A special thanks to our families, friends and lending institutions, for without your help, we wouldn't be where we are today. Thanks again for putting up with me and peace to everyone's path.

My parents, Chuck and Shirl
The words "Thank you" are not adequate to express my gratitude for your love, support and generosity. You bring pleasure to my heart and make life enjoyable. The greatest gift I can give you is to be a reflection of your lives-totally devoted to the Lord Jesus Christ and to Mankind. "Train a child in the way he should go, and when he is old he will not turn from it." Proverbs 22:6 (NIV)

Lt. Colonel and Mrs. Charles Southwood
Thank you for helping to make my medical school years the best in my life. For your love and support, encouragement and intense interest in my life and plans, I am most grateful. ". . . let us not love with words of tongue, but with actions in truth." 1 John 3:18 (NIV)

O Savior of men, touch my spirit again,
And grant that Thy servent may be
Intense every day,
as I labour and pray
Both instant and constant for Thee
Except I am moved with compassion,
How dwelleth Thy spirit in me?
In word and deed
Burning love is my need;
I know I can find this in Thee

Just do the steps that you've been shown
by everyone you've ever known
until the dance becomes your very own,
no matter how close to yours, another's steps have grown,
in the end there is one dance you'll do alone . . . . . .

Into a dancer you have grown
from a seed somebody else has thrown,
Go on ahead and throw some seeds of your own
and somewhere between the time you arrive
and the time you go . . . . . .
there may lie a reason that you were alive,
but you'll never know.

Entering a Long Farm Lane

As every man has his hobby-liking, mine is for a real farm lane fenced by old chestnut-rails gray-green with dabs of moss and lichen, copious weeds and briers growing spots athwart the heaps of stray-pick'd stones at the fence bases - irregular paths worn between, and horse and cow tracks - all characteristic accompaniments marking and scenting the neighborhood in their seasons - apple-tree blossoms in forward April - pigs, poultry, a field of August buckwheat and in another the long flapping tassels of maize - and so to the pond, the expansion of the creek, the secluded - beautiful, with young and old trees, and such recesses and vistas.

Shall I compare thee to a summer's day?
Thou art more lovely and more temperate:
Rough winds do shake the darling buds of May,
And summer's lease hath all too short a date:
Sometime too hot the eye of heaven shines,
And often is his gold complexion dimm'd;
And every fair from fair sometime declines,
By chance, or nature's changing course, untrimm'd;
But thy eternal summer shall not fade,
Nor loose possession of that fair thou owest;
Nor shall Death brag thou wander'st in his shade,
When in eternal lines to time thou growest;
So long as men can breathe, or eyes can see,
So long lives this, and this gives life to thee.

FOOTPRINTS

One night a man had a dream. He dreamed he was walking along the beach with the Lord. Across the sky flashed scenes from his life. For each scene, he noticed two sets of footprints in the sand; one belonged to him, and the other to the Lord.

When the last scene of his life flashed before him, he looked back at the footprints in the sand. He noticed that many times along the path of his life there was only one set of footprints. He also noticed that it happened at the very lowest and saddest times in his life.

This really bothered him and he questioned the Lord about it. "Lord, you said that once I decided to follow you, you'd walk with me all the way. But I have noticed that during the most troublesome times in my life, there is only one set of footprints. I don't understand why when I needed you most you would leave me."

The Lord replied, "My son, my precious child, I love you and I would never leave you. During your times of trial and suffering, when you see only one set of footprints, it was then that I carried you."

"There are many paths leading to the rock of a physician's calling. Along the well-worn roads thousands pass, blindly following the lead of orthodoxy, pushing and jostling in a throng which steadily advances with the years to a comfortable plateau called Mediocrity . . . There are also the untrodden paths which require not only youth, but freedom and fortitude. Those of you who seed a new truth must blaze a trail of your own. The jewels of our science lie off the beaten track. Press on in danger; with the risk of failure you have the urge to persevere. You will clamber among landmarks accepted by your forebears as immutable. Climb up along the precipice that leads to no plateau, but only to high peaks from which you can look down and see the truth you have uncovered on your way."

The following poem is dedicated to all those souls whose lives in some way touched mine and in doing so, played a part in this momentous event.

TO THE MEMORY OF MY FATHER, whose ideals inspired me and upon whose insistence I read it, learned it and understood its meaning at an early age;

TO MY MOTHER, who, through her beauty, resourcefulness and strength and who, by virtue of her Native American heritage, imbued me with the art of survival;

TO MY HUSBAND--devoted and loving, caring and supportive--who has been my ROCK, a beacon of light during the storm, a refuge of comfort and a wise counsel, a keeper of the fortress back home in Pittsburgh who taught me the true meaning of love and sacrifice;

TO MY TWO SONS, who supported their Mom by developing their own senses of individualism and superior creative talents--becoming, yet holding fast to cherished values--and, in the process, taught me something about the human spirit, family strength and maturation;

TO MY COLLEAGUE, NAN, who, because of her sensibilities for simplicity, her own wealth of inner peace as well as her remarkable unselfishness, is able to impart upon others a sense of confidence and courage, and in her I found a life-long friend;

TO MY COLLEAGUE, "CJ," who early on unreservedly and unconditionally rendered his friendship and, who, through his candor became a mentor, through his compassionate ear, became a confidant and, in his affable, rare, cavalier raw spirit I found my alter ego as well as a cosmic colleague;

TO GOD ALMIGHTY AND JESUS CHRIST, WHO, by GRACE and my FAITH, truly brought about this accomplishment.

E. Janet Reid

If

If you can keep your head when all about you
  Are losing theirs and blaming it on you;
If you can trust yourself when all men doubt you,
  But make allowances for their doubting to;
If you can wait and not be tired by waiting,
  or, being lied about, don't deal in lies,
Or, being hated, don't give way to hating
  And yet don't look too good, nor talk too wise;

If you can dream -- and not make dreams your master;
  If you can think -- and not make thoughts your aim;
If you can meet with triumph and disaster
  And treat those two imposters just the same;
If you can bear to hear the truth you've spoken
  Twisted by knaves to make a trap for fools,
Or watch the things you gave your life to broken,
  And stoop and build 'em up with wornout tools;

If you can make one heap of all your winnings
  And risk it on one turn of pitch-and-toss,
And lose, and start again at your beginnings
  And never breathe a word about your loss;
If you can force your heart and nerve and sinew
  To serve your turn long after they are gone,
And so hold on when there is nothing in you
  Except the Will which says to them: "Hold on";

If you can walk with crowds and keep your virtue,
  Or walk with kings -- nor lose the common touch;
If neither foes nor loving friends can hurt you;
  If all men count with you, but none too much;
If you can fill the unforgiving minute
  With sixty seconds' worth of distance run --
Yours is the Earth and everything that's in it,
  And -- which is more -- you'll be a Man, my son!

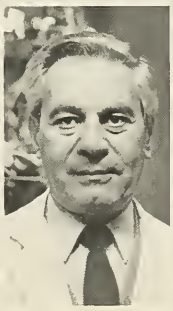
Take care my friend
I'll miss talking with you
I'll miss laughing with you
And sharing the months
That made being with you so special

Take care my friend
Because there's something wrong with the day
When you're not there
Something is missing
And inspite of myself I listen for your laugh
And watch for your face in the crowd



Take care my friend
Because I can't help thinking
How lonely it is without you
And how nice it would be
To see you again

But most of all
Take care my friend
Because you matter to me.

Dear Mom, Dad, and Family,

Over the past four years we've gone through some tough times. The sacrifices that you've made for me have been many. You did these without regret or thought of gain, at times putting aside plans that you made so that I could go on. Well, the road is close to its end and upon looking back I realized that it was a group effort. You've stood by my side giving words of encouragement in both my good and bad times. All of you have given so much of yourselves that at times I felt somewhat guilty. You have taught me many things over the years, the most important thing you've shown me through actions not just words. The love that you have given me I will cherish for always. Thank you all for this and for all that you have done for me. I love you all.

Love,
Danny

ROLAND- thanks for sharing love and laughs

"DINO" and "FRED" - LIFESAVERS many times!

I'll climb any mountain, I'll sail the sea
I'll play in waves in the ocean, with children playing next to me.
I'll run to find a rainbow's end and laugh,
because its end I know I'll never see.
But I keep hoping that someday by chance, that rainbow will be me.
Because a rainbow comes and goes as it pleases,
and it pleases everyone it sees.
It turns a frown from a rainy day, to a smile on you and me.
And a pot of gold will be all my friends and family,
because they mean that much to me.
You see I'm free, free, free to see
FREE, free, free to be ME! bjw

Brothers, I do not think of myself as having reached the finish line. I give no thought to what lies behind, but push on to what is ahead. My entire attention is on the finish line as I run toward the prize to which GOD calls me- Life on high with JESUS CHRIST . . . It is important that we continue on our course, no matter what stage we have reached.

Take time to work —
it is the price of success.
Take time to think —
it is the source of power.
Take time to play —
it is the secret of perpetual youth
Take time to read —
it is the foundation of wisdom.
Take time to be friendly —
it is the road to happiness.
Take time to dream —
it is hitching your wagon to a star.
Take time to love and be loved —
it is the privilege of the Gods.
Take time to look around —
the day is too short to be selfish.
Take time to laugh —
it is the music of the soul.

We at **Botsford General Hospital** invite you to meet our staff and discover our modern 300-bed hospital facility, including a new 50,000 square foot Education and Administration Building which houses an excellent medical library. We are currently putting in place a five-story expansion to our existing facility which will bring our bed complement to 338.

Become acquainted with our outstanding programs of osteopathic medical education, fully approved by all required accrediting agencies, and developed via our affiliation with such schools as Michigan State University College of Osteopathic Medicine. Our experience teaching and training spans over 35 years.

Interns and residents rotate through Botsford General Hospital, located in the rolling hills and lake country of southeastern Michigan, and an inner-city hospital only minutes from the vibrant Detroit city center and Ontario, Canada.

The House Staff consists of 30 interns and 63 residents. We presently maintain residencies in: Anesthesiology, Family Practice, Gastroenterology, General Surgery, Internal Medicine, Medical Diseases of the Chest, Neurology, Obstetrics/Gynecology, Ophthalmology, Orthopedic Surgery, Otorhinolaryngology, Radiology and Urology.

Our Obstetrical Service approximates 1400 deliveries per year and includes an Alternative Birthing Unit. Additionally, we have an active Ambulatory Surgery Unit with a caseload approximately 3500 per year, a Critical Care Unit, our Emergency Service has more than 20,000 visits per year, and we maintain a new service in chemical dependency. Our annual total caseload is approximately 80,000 patient days, and we are still growing.
